

Entry Points for Partners / Stakeholders

1. Improve Access to Water

Engage in the improvement and/or construction of water pumps, water tanks, deep well, and/or rain catchments

2. Provide Materials for Washing Facilities

The school, PTA, and barangay will do the actual construction

3. Fund Reproduction of IEC Materials

Engage in the printing and distribution of additional manuals

4. Sponsor Awards

Provide major prizes for best implementation at the district, division, regional, or national level

5. Venue for Advocacy

Help create awareness of the EHCP/GP through consultations, meetings, conventions, conferences, and similar activities

6. Capacity Building

Conduct capacity building activities like trainings, seminars, and workshops to orient policy makers and prepare program implementers

7. Provide Kick Start Materials

Provide kick start materials to new provinces/cities for piloting purposes. This will only be made available to areas whose Governor/Mayor is willing to sustain and expand program implementation
